

FLORIDA HOSPITAL CARDIOVASCULAR INSTITUTE

FLORIDA HOSPITAL FOUNDATION | *Improving Care for our Patients, Families and Uninsured*

DID YOU KNOW?

Cardiovascular disease is the **leading cause of death** in the US.

1 IN 4 DEATHS

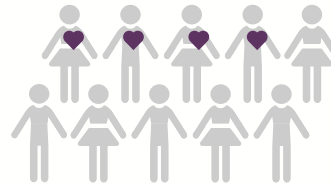

According to National Center for Health Statistics

Every minute, someone dies of a heart disease-related event.

According to Center for Disease Control

Today, **40% of the U.S. population** has cardiovascular disease.

According to the American Heart Association

GOOD NEWS!

We have a **world-class cardiovascular hospital** right in our backyard.

Florida Hospital is ranked as one of **America's Best Performing Hospitals for heart, lung and vascular care** by U.S. News and World Report.

Florida Hospital Cardiovascular Institute **treats more patients than any other hospital in the Southeast United States**, the 4th highest volume in the country.

THE CHALLENGE

WHAT IF YOU COULD HELP OUR PHYSICIANS PERFORM MEDICAL MIRACLES EVERY DAY?

- **IMPROVING PATIENT CARE**
State-of-the-art Intensive Care Unit will save 1,000 lives a year
- **IMPROVING FAMILY CARE**
New Family Pavilion will provide hope and healing to 25,000+ family members while their loved ones are in surgery or recovery
- **IMPROVING UNINSURED CARE**
Trina Hidalgo Heart Care Center provides medical treatment to patients unable to afford care

“YOUR GENEROSITY HEALS.”
